DILLON SAT ON THE BENCH

UMPIRE REFUSES TO RECOGNIZE COURT'S INJUNCTION.

The board of directors of the Ogden Rapid Transit company has refused the request of the street car men for an advance in wages from 20 cents to 25 cents per hour. Notice of refusal was conveyed to the employes yesterday by a letter sent out by the board, in which they claimed that since the company was reorganized they have advanced the wages from 15 cents an hour to 20 cents an hour an advance of 231-3 per cent, and cannot afford to make a further increase. The car men have held no meeting and it is uncertain just what they will do. Some are in favor of abiding by the decision, while others favor insisting on at least a partial increase. Los Angeles, March 24.—This merning Manager Morley applied to Superior Judge Allen of this district for an injunction restraining Umpire O'Connell from interfering with his playing First Baseman Dillon in the game with Oakland this afternoon. When the game was called at Prager park and Dillon appeared on the field in uniform he was immediately ordered off the field by Umpire O'Connell. The injunction was forthwith served upon the umpire but he retused to recognize the service and compelled Dillor to retire to the bench. The game proceeded after considerable delay with Dillon on the bench. O'Connell was arrested after the game. He will appear before Judge Allen tomorrow to answer for contempt of court. Service will be made upon President Bert in San Francisco tomorrow.

O'Conneil was arrested after the game. He will appear before Judge Allen tomorrow to answer for contempt of court. Service will be made upon President Bert in San Francisco tomorrow.

Los Angeles won the first game of the season from Oakland by the score of to 3. The crowd of 3,000 that went to the churtes park got the worth of the admission price. Los Angeles wen because they batted harder and easier. Both teams did fine work, but the fielding of Devereaux of Oakland and Flood of Los Angeles overshadowed—the rest. Newton pitched in his best form and struck out seven of the opposing batters. Schmidt, however, was hit by Flood, Ross, Smith and Newton. Oakland went to bat in the ninth, needing three runs to tie. Two bases on balls, an error by Spies and a hit gave them two, but the side was retired by a remarkably fine bit of fielding by Flood. Score:

Will Do Various Things to Morley and Los Angeles.

San Francisco, March 24.—There was a meeting of a number of officials of the pacific Coast league here tonight to consider the action of Manager Morley and injunction that would prevent interference in the Dillon case. After the meeting President Bert said:

"If necessary the league will employ able counsel to represent Umpire O'Consellin court. Assuming the press dispatches of tonight to be correct. I will say that the Los Angeles Baseball association will be fined heavily for its action of today. The association will be given a limited time in which to pay the fine, and if it is not paid the club's franchise will be forfeited. All day yesterday and today men have been patrolling the track in the snowshed regions, looking out for more landslikes. It is thought, however, that there will not be a recurrence of yesterday's damage. While the mountains are still covered with snow, the storm is said to have abated, and with a north wind blowing the danger is considered past. The trains which left here yesterday all succeeded in getting through the dangerous parts and no trouble was anticipated for those which went out today.

ISLANDS INUNDATED.

Crops Buined in the Vicinity of Stockton, Cal.

Stockton, Cal. March 25.—Unprecedented weather conditions prevail here, and so far as the flood is concerned on the islands of the San Joaquin river, the worst has come. Bouldin island, comprising 7,000 acres. is rapidly going under water from a big break in the levee, and 3,000 acres of asparagus is ruined. Rain fell in this locality in torrents last night and this morning, and shortly before noon a violent hallsform set in. Between times the clouds cleared away and the sun came out bright and warm. The lowest part of Roberts island is surrounded with water and the big reclamation is en langered. If this should be inundated the oss to crops would be immense. Reports from Linden and other points east of Stockton are to the effect that Mormon channel is only two-thirds full, and there a no danger of a flood in this city. D. B.
